How should you read these conditions?

The question—the subject—is in colour.

The important part of the answer is black.

- We use this bullet point to indicate that there are multiple answers to a question or if the main answer needs further explanation.
 - Sometimes, a supplement to an answer can be helpful. We indicate that with this symbol.
 - When we provide more in-depth information on a topic, the hyphen will be a little further indented.

Finally, we explain difficult words or terms in the section [Definitions](#) (at the end of the conditions).

Summary

If 2 items are similar, we will use different words:

Your employee will receive a **benefit** from UWV and **compensation** from us.

This makes the difference immediately apparent.

1. What insurance do you have with us?

Disability Top Up (Arbeidsongeschiktheidsverzekering Excedent or Excedent).

- This provides income security for employees with a higher income in the event of disability.
- This is a non-life insurance policy (see section: [Definitions](#)).

2. Who is insured?

Your employee registered with us in accordance with these terms and conditions.

- If we have accepted the employee.
- Unless the employee refused the insurance.

You register your employees with us through the online reporting tool:

averoachmea.nl/meldloket. Currently, the tool is available in Dutch only.

- You should keep the data in the online reporting tool up to date.
- You should inform your employees that you are sharing their personal data with us for this insurance.
- Unless we agree otherwise with you.

We do not insure employees receiving a WAO benefit (see section: [Definitions](#)).

- Their disability is already insured under another insurance policy.
 - This could be a previous employer or UWV, for example.

3. What is insured?

Services provided by the WIA Reintegration Service (see section: [WIA Reintegration Service](#)).

- Unless we agree otherwise with you.

Your employee will receive compensation from us if they lose income due to disability.

- If they receive a WGA or IVA benefit from UWV.
- Unless they receive an early IVA benefit.
 - In that case, they will receive compensation after 104 weeks of disability.

Your employee will not always receive compensation. You can read all other agreements in these conditions.

Disability for work

4. When is your employee disabled?

An employee is considered incapacitated for work if they are fully or partially unable to work due to illness or disability.

- The disability can be directly, medically and objectively attributed to a disease or condition.
- The day the employee reports sick to you is the first day of disability.

5. What is the waiting period?

Your employee will not receive a WGA or IVA benefit from UWV for the first 104 weeks of disability for work.

- Except in the case of an early IVA benefit; the waiting period for this is shorter.
- Except in the case of a penalty by UWV; the waiting period for this is longer.
- Except in the case of an agreement with your employee to extend the waiting period.

Any compensation will always be paid to you or your employee after the waiting period.

- Except with a shorter waiting period; in that case, you will receive the compensation after 104 weeks.

6. What happens if your employee returns to work and becomes disabled again?

The waiting period will continue.

- Unless the employee is fully recovered and at work for more than 28 days. In that case, a new waiting period will start.

7. Who determines the level of disability?

You: during the waiting period.

- You will receive advice from the occupational health and safety service or company doctor.
- Unless your employee receives an early IVA benefit. In that case, UWV will establish the level of disability.

UWV: after the waiting period.

- UWV determines the disability rating
 - and, in turn, the benefit.
 - We determine the compensation according to the UWV benefit.
 - Your employee's benefits and compensation may change if they work more or less.
 - We never set the disability level higher than UWV's percentage.

8. How can you and your employee help in the event of disability?

- You and your employee should do everything necessary to help them return to work.
 - You and your employee should follow advice from the occupational health and safety service, company doctor, employment expert and UWV.
 - You and your employee should provide us with all the information we need to determine the disability level and compensation.
 - This could be the decision by UWV or paperwork about other compensation.
 - You have to cooperate with our request for a reexamination.
 - If the WIA Reintegration Service deems a reexamination necessary.
- You can read all about the WIA Reintegration Service in the section: [WIA Reintegration Service](#).

9. What do you do if your employee is disabled?

- You should notify us of an employee's disability as follows:
 - In the 42nd week after the initial sick report, you submit your report to the online reporting tool: averoachmea.nl/meldloket. Currently, the tool is available in Dutch only.
 - Send us a copy of UWV's decision to award a benefit.
 - Within 2 weeks of the date on the decision.
 - Send the copy to: langverzuim@achmea.nl.
- Please notify us if UWV imposes a penalty.
- Please provide us with all of the information we need.
- You can always call us: +31 55 579 24 49.
 - We are available from 8:00 to 17:30.

10. What do you do when your disabled employee returns to work?

Please notify us through the online reporting tool: averoachmea.nl/meldloket. Currently, the tool is available in Dutch only.

11. How do you apply for compensation?

Send an email to wia-schadeservice@achmea.nl in the 104th week after the initial sick report.

- We will send you a reimbursement request form.

12. What changes should you report if your employee is covered by the WIA?

Most changes do not need to be reported.

- UWV notifies us of changes in an employee's disability for work through SUAG (see section: [Definitions](#)).
 - We will assess whether the compensation will change.

Always send us a copy of UWV's decision to award a benefit.

- Within 2 weeks of the date on the decision.
 - Send the copy to: langverzuim@achmea.nl.

Sometimes, you should also send us the amendment decision:

- The decision at the end of the wage-related WGA benefit in which UWV tells you which benefit your employee is eligible for next.
- The decision in which UWV tells you that the disability rating is changing.
 - Within 2 weeks of the date on the decision.
 - We assess whether it is necessary to file an objection with UWV.

13. What changes should your employee report when they are disabled?

Your employee should notify us immediately if their income changes. Or their disability rating.

- They can send the notice to: langverzuim@achmea.nl.
- Please inform your employee of this obligation.

14. What happens if you or your employee fail to comply with the obligations regarding disability?

- We may terminate the insurance.
- We may start compensation later.
 - The total compensation may be reduced as a result.
- We may deny compensation.
- Your employees must repay overpayments.

This only applies if we are disadvantaged by it. We do not do this lightly.

15. What if you and your employee disagree about their return to work?

You or the employee can request an expert opinion from UWV.

- The applicant pays the cost of the expert opinion.

16. What if an expert opinion is requested from UWV?

- Please notify the WIA Reintegration Service that an expert opinion has been requested.
 - You can read all about the WIA Reintegration Service in the section: [WIA Reintegration Service](#).
- Please notify the WIA Reintegration Service that UWV has issued the expert opinion.
 - Within 2 weeks of the date on the expert opinion.
 - The WIA Reintegration Service will discuss the results of the expert opinion with you by telephone.

Send your notification to: langverzuim@achmea.nl.

17. What if your employee becomes disabled before your insurance starts?

You should register them with us as soon as they have fully recovered and have worked for more than 28 days.

- We will insure them from the moment of registration.

18. What if the insurance is adjusted after your employee became disabled?

We determine eligibility based on the information (e.g., coverage percentage) in effect on your employee's first day of disability.

19. What if the disability is attributable to someone else?

- Please notify us as soon as possible.
- Please provide us with the information needed to recover the compensation from the other party.
- Also, please notify us if you received money from the other party for this. We will deduct that amount from the compensation.

Compensation

20. When will your employee receive the compensation?

From the moment they receive the WGA or IVA benefit.

- They will receive the compensation once a month.
- Except in the case of an early IVA benefit; in that case, they will receive the compensation after 104 weeks of disability.

21. What information is the compensation based on?

- The annual wage (see section: [Definitions](#)) from a set amount (= Top Up ceiling). The Top Up ceiling is listed in the policy:
 - Or: the WIA wage ceiling (see section: [Definitions](#)).
 - Or: €100,000.
 - Or: €125,000.
- The data in the UWV decision:
 - The disability rating according to UWV.
 - The employee's current wage, despite disability (new annual wage).
- The coverage rate. This is listed in the policy.
 - If the disability rating is 80% or more: coverage rate + 5%.
 - Unless we agree with you that the 5% increase is not insured.

If one of these things changes, we may recalculate the compensation.

22. How do we determine the compensation rate?

Step 1: We determine the percentage your employee is missing due to disability:

$$\frac{\text{Annual wage new annual wage}}{\text{Annual wage}} * 100\%$$

Step 2: If that percentage is lower than UWV's disability rating, we base our calculation on the lowest percentage.

Step 3: We determine the compensation rate based on the lowest percentage:

For a percentage from step 1 of:	Compensation rate:
0 - 15%	0%
15 - 25%	20%
25 - 35%	30%
35 - 45%	40%
45 - 55%	50%
55 - 65%	60%
65 - 80%	72.50%
>80%	100%

23. How do we calculate the compensation?

You can find a calculation tool at averoachmea.nl/wia-verzekering/calculator.

You can use it to find out what your employee will receive in various disability scenarios. Currently, the tool is available in Dutch only.

Compensation = annual wage above the Top Up ceiling * reimbursement rate * coverage rate.

24. Do we adjust the compensation annually?

No.

Unless we have agreed this with you, in which case we increase the compensation by the agreed percentage in January every year.

- You can find this percentage on the policy.

25. For what causes will your employee not receive compensation?

The disability for work was caused or aggravated by intentional or reckless conduct.

- By you.
- By your employee.
- By someone else who has an interest in your insurance.

The disability for work was caused or aggravated by serious conflicts (wars, riots, rows and wilful damage) (see section: [Definitions](#)).

- Serious conflicts, such as wars, can cause damage greater than we can pay. As such, we do not provide compensation in case of serious conflicts.
- We adhere to the definition by the Dutch Association of Insurers (Verbond van Verzekeraars).

The disability for work was caused or aggravated by radioactive materials in a nuclear plant.

- Outside of a nuclear facility, you will receive compensation if the permits are in order.

26. When does compensation end?

- If the WGA benefit stops.
- If the IVA benefit stops.
- As long as your employee is in prison. This also applies to pre-trial detention and detention under a hospital order.
- If your employee has died.
- When your employee reaches the final age on the policy.
- After the maximum compensation period on the policy.
- If you or your employee commits fraud.

If the insurance ends or your employee switches employers, disabled employees retain the right to compensation.

- They are also insured for an increase of any disability that began during their employment.

27. When can we stop, reduce or reclaim compensation?

- If you do not authorise the WIA Reintegration Service or revoke your authorisation.
- If you or your employee fail to disclose important information.
 - We have up to 6 months to take action after discovery.
- If you or your employee do not tell the truth.

- If you or your employee do not comply with these terms.

And we are disadvantaged by that.

We may also terminate or adjust the insurance from the time this occurred. We do not do this lightly.

28. What consequences can a penalty by UWV have?

- We stop the compensation.
- We start the compensation later.
 - The total compensation may be reduced as a result.
- We refuse the compensation.

Your employee must repay any overpayments.

29. What happens to the compensation if laws or regulations change?

You will not receive a higher compensation if laws or regulations change.

Your compensation period will not be extended if laws or regulations change.

Definitions

Annual wage

When determining the annual wage, we use the gross annual wage in accordance with the uniform wage definition as described in the Uniform Wage Definition Act (Section 1A) and the Social Insurance (Funding) Act (Section 16). This is the uncapped wage that UWV (Employee Insurance Agency) uses to calculate a WIA benefit. UWV calls this the SV (social insurance) wage.

The insured gross annual wage is the gross wage that the employee earned and received in the year prior to the month in which they became fully or partially disabled for work due to illness or disability. We use the insured gross annual wage to calculate the compensation in the same way as UWV. UWV increases this annual wage according to the WIA index. They do this from the first day of disability for work until the WIA benefit starts. We also do so until the start of compensation.

If the first day on which the employee was unable to work due to illness or disability is within 1 year after they started working for you, we base the compensation on the insured annual wage the day before the first day of disability for work.

- Capped annual wage: the annual wage capped at the WIA wage ceiling.
- Uncapped annual wage: the annual wage not capped at the WIA wage ceiling.

The wage you declare for this insurance is the gross annual wage, including all taxable components. For example:

- Holiday allowance
- Year-end bonus
- 13th month
- Supplements such as a shift allowance
- Additional tax liability for the private use of a company car
- Payment of an individual choice budget

The following are not considered part of the wage:

- Pension contributions
- Untaxed expense allowance
- Severance pay

For more information about the wage to be declared, visit the UWV website.

Collective wage change

A change in wage due to an agreement in your company, industry or CLA that applies to a group of employees. Your company or the employee's performance does not affect the change in wage.
